Professional Summary

Computer Science graduate with hands-on experience developing full-stack web and software applications through academic, personal, and portfolio projects. Skilled in JavaScript, Java, Python, React, Node.js, Express.js, SQL, PostgreSQL, MySQL, and MongoDB. Experienced in developing REST APIs, working with databases, building responsive user interfaces, and collaborating in Agile environments. Microsoft Azure certified with a strong interest in software development, backend systems, and building practical technology solutions.

Technical Skills

Languages: Java, Python, JavaScript, HTML/CSS

Databases: MySQL, PostgreSQL, MongoDB

Framework & Technologies: Artificial Intelligence, REST APIs

Tools: Azure, Visual Studio, IntelliJ IDEA, Git & GitHub, SQL, Postman, Excel, Power BI

Software Engineering: Data Structures, Algorithms, OOP, Agile Development, Problem-solving

Education

BSc Computer Science

Feb 2022 - Nov 2025

University of the Western Cape

National Senior Certificate

Jan 2019 - Nov 2020

Sinthumule Secondary School

Experience

Full-Stack Developer Intern - Future Interns

July 2026 - August 2026

- Developing a Client Lead Management System for capturing, tracking, and managing customer leads.
- Implementing CRUD operations, authentication, role-based access control, and lead status tracking.
- Working with HTML, CSS, JavaScript, Node.js, Express.js, MySQL, Git, and REST APIs.

Projects

MEDLINK - – Full-Stack Healthcare Networking Platform

- Developed a healthcare networking platform with professional profiles, job opportunities, messaging, CV uploads, notifications, authentication, and search.
- Built responsive frontend interfaces and backend services using React, Node.js, Express.js, and MongoDB.

Vation Fitness – E-Commerce Web Application

- Developed a responsive gym equipment e-commerce website with product browsing and user-friendly interfaces.
- Used HTML, CSS, JavaScript, and GitHub.

Unicare – Healthcare Management Application

- Developed a healthcare application for managing patient records, prescriptions, and appointment reminders.
- Built RESTful APIs and worked with PostgreSQL in an Agile team using Git.

Certifications

- Microsoft Certified: Azure Developer Associate
- Microsoft Certified: Azure Fundamentals
- Microsoft Certified: Data Fundamentals
- FNB App Academy – Certificate in Full-Stack Development
- NEMISA – Certificate of Completion
